

SLIDING SASH WINDOWS

traditional beauty, modern touch

A kerb appeal of those windows is undeniable! Beautiful design of modern day sash windows combines the benefits of uniquely Victorian aesthetics with benefits of high-performance engineering, so you can sit back and relax.

Whether you're embarking on a new build project or simply replacing your old tired windows, you can rely on our vertical sliding sash to add a timeless style, warmth and exceptional performance to your home for years to come.

Ideal for upgrading traditional homes, can also perfectly complement modern properties.

With decorative Georgian bar designs, a large selection of RAL colours, hardware, and decorative options, you can turn your windows into a truly outstanding feature of your home.

ENTRANCE

create lasting impressions

Choosing the right exterior doors is like putting a cherry on top of a cake!

This final touch can create a great first impression of your property. The right choice not only provides you with high security, thermal efficiency and great weatherproof performance, but also adds value and kerb appeal to your home. At Huke we take a design-led approach to ensure that our entrance doors meet your every expectation in quality, appearance and security.

Our large range of exterior doors in timber, composite, uPVC and aluminium comes with a selection of door panel designs and colours (single and dual colour options), with/or without glass panels and sidelighs, to enable you to create a design that will be unique to you and will complement your home.

All our front doors can also be matched with your windows and other doors for a complete look.
